

French-German exchange of experts "100,000 residences - Public programmes for the construction and renovation of housing in France"

24 - 26 January 2024 at Crous de Créteil and Paris

Evaluation

Format

- 2-day program with visit of two residence halls in Ivry-sur-Seine and Paris, no cultural activities
- Thematic input from France, Germany and Italy (PPTs)
- ECStA-framework and invitations
- Informal consecutive translation from French to English
- 29 participants (12 BE, 6 FR, 4 IT, 3 DE, 3 PT)
- Free of charge / no participants fees

Success Factors

- Very good organisation
- Very good international exchange and networking (even within country groups)
- Campus-Tour with visit of residence halls and good practices
- European format

Improvements

- More background information in advance, in particular to state subsidies, costs of construction and operation
- More breaks
- Find better solution for local transport (without luggage)
- More Europe (less focus on French and German situations)
- Ideas for Follow-up: study visit to Portugal on new construction projects, to Luxemburg on campus development, to Flanders on supporting international students / counselling

Thank you for your attention!

Note: nine people took part in the online evaluation (N=9).
